

# RECRUITING SEMINAR

## Featuring college recruiting expert Kim Monsen

These seminars are designed to teach players, parents, and even coaches how to get a player recruited into the college level. The biggest part of the recruiting process falls on the shoulders of the player and the parent(s). Our seminar will walk you through the process. The presenter will be Kim Monsen who is one of the leading experts in the USA on the recruitment process. Included in the recruiting seminar...

- A presentation with visual aids will be used to outline the recruiting process
- Each player will receive a recruiting book which includes a timeline of things to do, sample letters to be sent to coaches, and emails along with a list of **ALL COLLEGES OFFERING VOLLEYBALL** in the United States.
- Testimonials by D1 Signees on what the recruiting process was like for them.
- Individual meetings may be set up with Kim so she can get a better understanding of each player's situation
- It is highly recommended that at least one parent attend the seminar with the player.
